ABOUT ME

I'm passionate in programming such as software development, analyzing problems and have a good teamwork as a team. Also, want to get a new experience and want to learn more something new. I have made some small projects, such as a simple website using HTML & JSP (framework Hibernate).

EXPERIENCE

Mentor Scholarship (Commitee)
Binus Student Learning Community (Organization) | September 2014 - February 2016

Helps mentee to find out what problem that make him/her difficult to study or the courses in class that hard to understand by them and find a good solution to solve their problem(like make a small study group and teach them).

Kompetisi : Liga Digital Indonesia 2015 | August 2015 - November 2015

Simple smartphone game application (Unity Project).
Application (URL) : http://ligadigital.id/liga_digital_2015/aplikasi/view/87
